ATS Automation - Franklin Pierce School District
Old Collins Elementary Construction Internship

Project Overview
ATS Automation, contracted through the Washington State DES Energy Savings Performance Contracting program, is implementing building energy upgrades at Old Collins Elementary School. The construction project includes upgrading HVAC, plumbing, electrical, and lighting systems.

Internship
ATS Automation is looking to hire a Franklin Pierce School District student for a Construction Internship. The goal of this internship is to expose the student to as many aspects of the construction process as possible. This paid internship can start during the school year, depending on the student's availability, and will continue through the completion of the project, August 2023.

Salary: $18/Hour
Weekly Hours: School Year – As Available
                    Summer – 40 Hours

See Job Description for job responsibilities and requirements.

Application & Interview Process
1. Submit completed application, resume, and cover letter at https://atsmsi.com/construction-internship/ by January 26, 2023.
2. Formal interviews for selected applicants will occur on the GATES High School campus in February. Specific times and dates to be determined.

About ATS Automation (www.atsmsi.com)
Established in 1986, ATS is the leading provider of energy management services, automated control systems, critical airflow solutions, and building systems integration.

Custom-engineered and installed building automation systems from ATS optimize buildings' mechanical and electrical systems, reduces building energy consumption, increases tenant comfort and maximizes the productivity of tenants and facilities management personnel.
